The First Hamlin Becoming A Newer, Better Hamlin

Another landmark is going the way of all old things in Hamlin, this week. The old Chandler houses are being dismantled for a new structure.

Just across the street from the Herald office have been standing for perhaps about 33 years two wooden buildings on the corner, one a two story affair and the other a one story. These buildings have all along been known as the Chandler buildings. To the personal knowledge of the Herald Editor these buildings have been facing the Herald for twenty-three years and they have had various and sundry occupants during that time. These buildings were evidently first "boxed weather boarded" and then maybe in after years a sheeting of iron was placed on the sides and top. In that form they stood the storms of the ages.

In tearing off the iron sheets, there was revealed the firm names of Hamlin's first merchants. The two-story building had high up on the front boards the name "Boots and Shoes, HARDWARE", and under those words was the name "Clayton, Robbins and Chandler." Over on the house to the south were the words "Buggies, Wagons and Implements." Those lines reveal a day that is gone forever.

If rumor has it right the hall over the Chandler building was used in the early days of Hamlin as a place of worship. It is said that it accommodated the first Baptist meetings in Hamlin's early days. It was used in early days for many kinds of meetings. In 1909 the Hamlin Masonic Lodge used it as a place of meeting. Later other orders used it. It was also used as living rooms. Besides hardware and implements on the lower floors, there has been in the buildings, various kinds of things, like garages, gas stations, and did you know that in these buildings the first and the only airplane ever con-

structed in Jones county, maybe West Texas, was built right in there. It never did fly because the builder, a Mr. Ralston, was never able to finance an engine for it. Now for the past few years, the Chandler buildings have been empty, with all the windows knocked out, and the doors banging and stood there as a fire trap and an eye-sore. It is to be replaced with a modern structure. The Chandler estate sold this property to Tom Holman, who, we understand, has planned to erect a modern oil station on that corner to be used by the Magnolia Petroleum Company.

Where this old building is being torn down, and where the Herald office now stands, were once the center of merchandising in Hamlin. Diagonally across the corner from the Herald was once the Pool-Whittington general merchandise house. That corner now has a small confectionery store or shop. The other corner, one of the first four that was formally Hamlin center of activities, is now occupied by the Dode Sanford service station and the Sinclair Oil Agency... this corner was once the banking center of Hamlin when the Continental Bank operated there. That was more than 30 years ago. This is a new world compared to what it was then.

One thing we all can be proud of, and that is the fact that during our booming days, and mid drouth and war, good times and depressions, revivals, Hamlin has not turned backward. It has seemed to stop, but has never turned a cog backward. Each year, regardless of drouth, no water, financial depressions, Hamlin acquired something better than we had before. We lost a railroad once but gained two more good outlets on highways. We groped our way through mud and dust for a long time, but Hamlin was the first town of its size in Texas to pave its main business street.

HITSON, McCAULEY IN PLAY OFF GAME

McCauley and Hitson ball teams are tied "neck and neck." Four elimination games resulted in two each. The last game was on Wednesday when it stood 3 to 4 in favor of McCauley.

The winner Saturday will get \$75 and the loser \$25. The game is free.

Hamlin has almost past its childhood days. Her first teeth, so to speak, have been replaced with the more substantial kind. Today, Hamlin has four substantial church buildings, two splendid school buildings, modern store buildings, extensive stocks of goods, two modern picture shows, telephone, and telegraph, a modernized sewer system, ample hospitalization room.

Hamlin is fast becoming a center of good highways, state and federal. Hamlin still has two railroads and shipping facilities. Hamlin is surrounded by some of the most beautiful and fertile farm lands in the state. Hamlin still has a few of the old time residences, but most of the first ones have given place to beautiful modern homes. It has been proven that Hamlin can have lovely yards, evergreens and beauty, despite the fact that water is sometimes scarce, and dry winds whip. We are truly living in a second Hamlin.

With the dismantling of the old, and the coming of the new, Hamlin still has much to do. Surrounding Hamlin are many producing oil wells, and the oil potentialities seem unlimited, for here and there are dotted drilling rigs seeking to find the trend of the real oil pool. Hamlin's oil activity is now about ten years of age, and it is marvelous that one of the earliest wells has already produced more than 1,000,000 barrels of high grade oil.

Like the little fellow who is expecting Santa Claus, it would be a long list to give all the things that Hamlin needs to make her a complete place in which to live. And

JONES COUNTY VOTED

Regardless of "endorsements" and approvals, etc. Jones County voters voted as they pleased last Saturday.

A study of the totals in the Hamlin boxes shows that the O'Daniel favorites did not share so well — Woodul lost, Graves lost and Giles lost in Hamlin.

In the district candidates, Miller defeated Davison and Dean defeated Blankenship. In the county race Beaver defeated Isbill for re-election.

there is the "key" word. For nearly 25 years, the present Herald manager has heard folks say, "lets make our town a better place in which to live," and our observation is that all along Hamlin people have been doing that very thing. Even now Hamlin people are seeing one more business block being paved to make the going more comfortable, and cleaner. One good thing calls for two, and it will not be surprising to see other desirable things for our city soon. We predict the greatest improvements in Hamlin in the immediate years to come, will be our rural communities. At this time this community does not have as many farm families as twenty years ago. Twenty years from now, maybe thirty or fifty, this community should have and we believe will have twice or maybe ten times as many farm families as at the present.

BAND CONCERT

The Rotan Band will give an open air concert Sunday, Sept. 4, at 4:30. This concert will be given on the streets of Hamlin. The band will be assisted by some of the Aspermont band members. Everybody is invited to come and be on time.

Mr. and Mrs. J. E. Leslie and daughters, Yvonne and Dorothy, of Lubbock came Sunday to visit their mother, Mrs. S. B. Leslie. They will return home Thursday and Mrs. Leslie will accompany them for a month's visit.

Baptist Church to Start Meeting Sunday, Sept. 4

We are calling your attention to the announcement that this week's Herald is carrying about our meeting which begins next Sunday morning. We are bringing to our church and this community what we consider two of the best men to be found anywhere. Brother O'Brien,

We want to urge the other churches of the town to join with us in this meeting. We need you in the choir, the prayer meetings, and at both the morning and evening services.

JOE TRUSSELL, Singer

REV. P. D. O'BRIEN, Preacher whom many of you know, is a strong preacher, and a man every one enjoys hearing preach. Brother Trussell is one of the best gospel singers. You will enjoy his every message in song.

We urge our unsaved friends to attend these services. We pray that we can be a blessing to you. These men will only be here two weeks. Determine now not to miss any of these services.

If you do not attend Sunday school at some other church meet with us next Sunday morning at 9:45.

LITERATURE

Texas people have gone from reading candidate literature to that of Sears Roebuck, Montgomery Ward and many other brands . . . enough has been distributed in and around Hamlin to keep the folks reading all the fall and winter.

Folks like pictures and low prices and sometimes overlook quality. There is in trying to get folks from sending for their goods, as long as they think they save by "sending," it is that way. Sending off for what one needs does not help build up the home community.

LIGHT IN THE SCHOOLHOUSE

(An Editorial from the Rotarian magazine)

"Teacher's working late tonight," they used to say if they saw a light in the schoolhouse after, say 5 o'clock. But not now. More and more the ever-lighted schoolhouse is becoming a fact, as new communities brighten to the realization that, as an after-hours' center for adult cultural and social activities, it offers the finest opportunities.

Folk schools of countries like Denmark, where grownups often continue their classroom education all through life, have won wide attention. And an inspiring example of community education and neighborliness is found in the little town of Solomon, Kansas. Solomon has only about 1,000 people. It has no picture shows, no clubs; yet approximately 5,000 folks live within eight miles, and for most of them the high school building is a natural building point for recreation, entertainment, self-improvement.

The building is open only five nights a week, except during summer. There is no attempt to formalize the school's open house. Half a dozen farm organizations hold their meetings in the schoolhouse. For the rest, people come, as to a reunion, to meet friends, to play games, to take part in plays and concerts, or to listen to them, to hear lectures, to play bridge, table tennis, basketball. Townspeople eagerly give credit for the idea to a certain public-spirited educator who, during his superintendency of the school, won for his plan the support of a progressive school board—and a place in the budget for lights, heat, and shower baths. No one, truth to tell, needed to be "sold" the ever-lighted schoolhouse idea.

All told, Solomon is a striking example of how a community may be having a common focusing point for neighborly activities and interests. The school band of 100 pieces (the

school's total enrollment is 150) has been heard in Kansas City, Missouri, and Chicago. Every boy physically able plays in intramural sports.

The world spends billions on education. In the United States parents support a 10-billion-dollar educational plant. The huge investment in every community can and should be made to yield a richer life for old and young alike. The light in the schoolhouse may point the way.

FAKERS GOING OVER THE COUNTRY

AUSTIN. — A number of Texas motorists have devised unique schemes in order to avoid repairing tires.

In one instance two highway patrolmen reported they came upon a woman attempting to change a tire on a South Texas highway. The officers smilingly repaired the puncture, inflated the tire and put it back on the wheel.

As they drove away one of them looked back and saw a man walk out of a roadside brush, climb into the car with the woman and drive away—laughing.

HERE IS ANOTHER

AUSTIN. — State police issued a warning today to rooming house operators against the "hot check" operations of a woman who has gleaned a small fortune in Texas towns.

The woman—about 35 years old and neat appearing—usually applies for a room for herself and husband and presents a check for one or two months' rent. The checks range from \$20 to \$35. She secures the landlady's endorsement on the check while her husband waits for her in an automobile, sometimes with a child. After the check is cashed at a bank or place of business the couple leaves town.

Officers, who have investigated nearly 50 such complaints, said the woman always tells her victims that she and her husband plan to build a tourist camp or open a beauty parlor in the town.

CARD OF THANKS

We want to thank our neighbors and friends for the kind words and sympathy extended to us when we received the sad telegram of our father's death, Mr. M. P. Jackson of Whittier, Calif. Not one word will ever be forgotten.

Points and Personalities

by doris pope

When cotton starts rolling into town, when gin stacks start spouting big rolling clouds of smoke, when merchants start unpacking and displaying new fall merchandise, when stores are remodeled, when old buildings are torn down and replaced by new modern ones, when salesmen swarm down on a town, then it's a sure sign that business is picking up. And that is just what is happening in Hamlin this week. Yes, sir, even the twang of the air tells us that we are entering the fall season.

We notice that in other towns they have been getting ready for the busy fall with sales crusades . . . which the merchants and sales people have been asleep on the job. Now, here in Hamlin we have plenty of capable sales ladies and salesmen who can "hand out the goods" . . . they are wide-awake and they know that courtesy and willingness to help often make a sale. Remember that the merchants and the sales people are here to serve you and sell the goods, and if "it" isn't in Hamlin, they can get it" for you. Yep, FALL is here and Hamlin is ready.

Another land-mark is gone. This week the two old iron buildings across the street from the Herald are being torn down to be replaced by modern structures. A number of old-timers stood on our corner reminiscing about "early Hamlin" when they stopped there for "Buggies, Tools, and Implements."

There was a day when a girl's popularity depended upon her personality and her appearance, but the very latest we've heard from two prominent young men-about-town is: No car, no date. And there was a time when it was the gal who said that, so it must be true that every dog has its day.

We heard: A certain brunet groceryman who courts a blond lady received a long distance call from the girl the other night while he was at a party. According to the story, it must have been a hot conversation, because he blushed a fiery red and the sweat rolled.

Some of the local femmes are expressing great interest in the new shirt tail styles being worn by two of Hamlin's coaches, and they are hoping that some one will prevail upon them to do away with the shirt tails and put on a tie before they influence the Hamlin males. But there's no need to worry. B. L. Jones has been waving his shirt tail for years and years and it ain't hurt nobody yet.

When Mrs. John F. Green returned from the Plymouth Convention at Dallas with a stiff neck and bumps on her head, she blamed it on the sky scrapers. (Take a bottle of liniment with you next time, Mrs. Green.)

No need to mention politics—too much has been said already.

ALBANY GOLF TOURNAMENT SET

Preparations have been completed for the Albany Lions Club's Second Annual Invitation Golf Tournament, to be held at the Albany Country Club September 9, 10, and 11. Five full flights, including some of the best golfers in West Texas, are expected to compete for \$200.00 worth of prizes. The stag barbecue and Calcutta Pool will be held after the qualifying round closes September 9. The tournament dinner will be at Lake DeLaFosse, Saturday evening, September 10.

There is much interest locally in the possibility of a renewal of the J. T. Hammett-Russell Crownover fund. J. T. Bohannon, Doug Jones, and Skeeter Millican are other favorites expected to enter. The Albany course is in the best shape ever for the affair.

Warren Nobles is at home for a vacation from Texas Tech till September 17, when he will go back a senior.

Miss Elizabeth Bowyer of Abilene was here Wednesday to visit her friends, Miss Mary Boyd and Annie Louise Johnson. She formerly taught with them in Ft. Stockton.

TEXAS BIRTHS

"In Texas during 1937, 698 mothers lost their lives through childbirth and associated conditions. Fatality struck 8618 babies under one year of age and 3,972 infants were stillborn. These facts become particularly distressing when it is realized that at least two-thirds of this motherhood mortality could have been avoided," states Dr. Geo. W. Cox, State Health Officer.

JONES COUNTY

Jones County had 581 total live births during 1937, of which 538 were white, 10 negro and 31 Mexican, 296 of the infants were male and 295 female. Physicians attended the births of 565 infants, midwives 14 and two births were unattended. 219 of the total births were in hospitals and 362 were at home; 5 children were stillborn, giving Jones County a rate of 0.9 per 100 live births; 37 children died under one year of age, a rate of 63.6 per 100 live births; 2 mothers died in childbirth, a rate of 34.4 per 10,000 live births.

C. C. MOORE FAMILY HELD REUNION

The home of Mr. and Mrs. Roy Cameron, at Plasterco, was the meeting place again this year for the reunion of the children and grand children of the C. C. Moore family of Abilene.

Sunday, Aug. 21, the final day of the reunion, all were present and throughout the day enjoyed pleasant conversation, each being interested in the past year's experiences of the other and their hopes and plans for the coming year. In the afternoon all enjoyed a watermelon feast. In the late afternoon the children gave a program of readings and musical numbers.

At the close of the program all the nieces and nephews took part in the presentation of gifts to their uncle, Mr. Chester C. Moore, of Van, Texas, who this summer took his M. A. degree from the University of Colorado.

Miss Ona Moore, of Abilene, who has been the binding link in this family since the passing of the father and mother, was also surprised with a shower of gifts.

In the evening a picnic supper was served on the lawn.

To better living

Our Schools
ARE
WORTHY
Institutions

Today, as never before, we see the necessity of broader education. Barriers crash before those who are prepared. Every child should be given the opportunity of attending first-class educational institutions. We are fortunate in Hamlin. Our schools rank high among those of the state. To those who have made our schools and colleges possible, we pay tribute. Likewise, we salute the teaching profession, men and women who have given more than liberally of their time and effort in making our schools outstanding in the field of education. Their qualifications tell a story of careful preparation.

LOCAL SHOE MAN TO ATTEND STATE CONVENTION

How the old fashioned "Cobbler" of the past generation has changed into a "Shoe Rebuilder" capable of repairing a pair of worn shoes, so that they cannot be distinguished from new ones, will be revealed at the annual convention of the Texas Association of Master Shoe Rebuilders in Dallas, at the Adolphus Hotel, September 4 and 5, according to J. B. Bowman of Bowman Shoe Shop, who will leave Sunday morning to attend this meeting.

An opportunity to learn all the latest and most approved methods of shoe rebuilding will be provided at the convention, Mr. Bowman said. Speakers will include nationally recognized authorities on shoe repair work, as well as experts on advertising and merchandising. Exhibits in connection with the convention will show the latest development in shoe repair machinery and materials.

Dr. and Mrs. Carl Rister, who have been visiting her parents, Mr. and Mrs. M. P. May, and other relatives, returned to their home in Norman, Oklahoma, Thursday. They were accompanied by Mr. and Mrs. J. Frank Johnson who will remain for a week's visit.

Miss Velta Griffin is at home after a five weeks stay with her grandmother, Mrs. Clara Hunton at Post.

CONQUERING BOREDOM—Happiness is not a picture which can be painted with a few bold, sweeping strokes. It is, rather, a delicately wrought mosaic whose intricate pattern is composed of many small pleasures and interests. The people who get real joy out of living are those who continually manufacture little harmonious pieces of experience. Every boredom and dislike is the raw material of pleasure. The only manufacturing equipment you need is the ever-ready desire which is yours for the thinking.—William Moulton Marston in the Rotarian Magazine.

FARM TENANCY CAN BE LESS

WASHINGTON — Government farm lending agencies estimated that they have slowed down the increase in farm tenancy by more than 50 per cent during the past year.

The Farm Security Administration, through Federal Land Banks, and the Farm Security Administration plan to lend farmers approximately \$75,000,000 in the fiscal year which began July 1 to make down payments on 25,000 farms.

Department of Agriculture surveys showed tenancy increased by 40,000 a year between 1933 and 1935. Officials said the number was about the same in 1936 and 1937. They estimated 43 out of every 100 farmers till land in which they have no equity.

AID TO NEARLY 2,000

The Farm Credit Administration—the farm counterpart of the city Federal Housing Administration—reported it is helping nearly 2,000 farmers "climb the agricultural ladder" to land ownership each month.

The FCA has financed the purchase of 55,000 farms since its creation by Congress in 1935. The 12 Federal Land Banks advanced \$130,000,000 in long-term loans to make the purchases possible.

"Despite lower farm commodity prices the demand for loans to make the jump to ownership is about as heavy this year as at any time since the upswing in farm purchasing became noticeable in 1935," F. F. Hill, FCA deputy governor, said.

FUND OF 25 MILLION READY

The Farm Security Administration, which has \$25,000,000 for the purpose, estimated it would help 5,000 farmers purchase homes this fiscal year. Last year it aided in the purchase of 2,000 farms.

Officials said the FSA has money to help only about one out of every 100 tenants who want to buy farms.

The FSA has \$200,000,000 for farm aid this year. Congress appropriated \$175,000,000 for grants and loans other than farm purchases. Officials said "around" \$150,000,000 would be available as loans and that direct grants probably will not exceed \$12,000,000. Administration also will cost about \$12,000,000.

Mrs. Ernest Watson and daughter, Maxine, Mrs. C. O. Nuckols of Abilene, and Jocille returned last Friday from a visit in Austin, Temple and Troy, Texas. While away Miss Maxine had a tonsilectomy operation in Temple.

Miss Geneva Jo Maberry returned from T. S. C. W. (CIA), where she spent the summer in school work. She will return in September and will finish her freshman work in mid term, majoring in public school music.

Mrs. Paul Bryan returned Sunday from Fort Worth where she had been visiting her daughter, Mrs. G. R. Page and husband. She was accompanied home by her niece, Miss Marguerite Brannon, of Dallas, who will be her guest for the week.

CHURCH OF CHRIST

Attendance at the Church of Christ last Sunday was very encouraging. Next Sunday morning the subject will be "How to Study the Bible."

At 8:15 P. M. we shall discuss "Christianity." These subjects are practical and well worth your while. On Wednesday evening at 8:15 we shall have our fourth of a series of Bible surveys. We shall be studying the latter half of Genesis. There will be an old time singing at the church Sunday, Sept. 4 at 7:30 P. M. You will always find a warm welcome with us. We believe in a social religion and are anxious for an opportunity to contact others. May we expect you?

OIL MAN'S HAND

CRUSHED IN MACHINERY

George W. Beadle, a Hamlin oil field tool dresser, one night this week suffered a badly crushed hand in the machinery of a Sinclair well being drilled by Geo. Kelley for Contractor George Callahan. He was given first aid at the Hamlin Hospital and then taken to the Stamford Sanitarium.

WILDLIFE AND GAME

PRESERVE ORGANIZED

On August 30th, a group of interested farmers, ranchers and business men met in Anson for the purpose of organizing a Jones County Wildlife and Game Preserve.

Floyd Lynch, Jones County Agent, acted as temporary chairman. St. John, District Game Warden, told the group how the game wardens could help enforce the rules of the organization. Charles Firley, Jr., Regional Game Manager, spoke on how Jones County could benefit by this type of move and the achievements of other counties.

A permanent organization was set up and the following officers were elected: Knox Pittard, of Anson, President; Bill Swenson, Stamford, Vice President; M. B. Templeton, Hamlin, Secretary-Treasurer. An executive committee is to be appointed by the president.

The next meeting was set for September 14th, 7:30 P. M., in the District Court room in Anson.

Every land owner or renter in Jones County is urged to be out for the next meeting. —Contributed.

Mrs. Mart Farrow and son, Mart O. and Miss Oneta Rimmer returned last week from Canyon where Mrs. Farrow and Miss Rimmer have been taking special work in West Texas State Teachers College. Mrs. Farrow is a teacher in the Hamlin public school and Miss Rimmer teaches in the Wichita Falls schools.

Mrs. Charles L. South and son, Bobby, the wife and son of Congressman South, of Coleman, were here last week to visit her sister, Mrs. D. F. Park and family. Congressman South has visited in Hamlin some, but his stops seem to be too short for Hamlin people to get to meet him or hear him talk.

M. P. JACKSON OF STAMFORD, DIED IN CALIFORNIA, FRIDAY

A telegram was received early Saturday morning by M. W. Jackson, a farmer living east of Hamlin, that his father, M. P. Jackson, well known citizen of Stamford, had passed away at the home of a son, H. F. Jackson, in Whittier, California, at 9:25 P. M., Friday, August 26.

Mr. Jackson was 81 years of age last January. He came to Jones County in 1886, and lived at Stamford till four years ago when he moved to Whittier, California, to live with his oldest son. His wife passed away seven years ago. He is survived by his children, H. F. Jackson and J. C. Jackson, of Whittier and Tulare, Calif.; Mrs. E. L. Guyton, Fife, Texas, and M. W. Jackson of Hamlin.

Burial was at Whittier, Calif.

PAUL FRASER HAS OPERATION WEDNESDAY

Paul Fraser underwent major surgery Wednesday afternoon at about one o'clock.

He was carried to the Stamford Sanitarium in what was thought might be a serious condition.—Rotan Advance.

Mr. Fraser formerly lived in Hamlin, and his host of friends hope he will recover his health soon.

B. O. Townsend returned Saturday from a two months vacation which he spent in Alabama, Georgia and Florida. Mr. Townsend says the most enjoyable parts of his trip was the deep sea fishing off the coast of Florida and to prove that he is some fisherman, he was displaying a picture of him self and a fish weighing 22½ pounds, the fish was almost as big as Townsend. He reports that one day he and his party hauled in a catch of 164 pounds. Aside from the fishing Mr. Townsend visited St. Augustine and all the important cities of Florida. He was accompanied on this trip by his daughter, Mrs. A. H. Truett, and her husband, of Hobbs, New Mexico.

Mr. and Mrs. Truett were so impressed with this southern state, they purchased a commercial advertising business in Miami, Florida, and will make their home there.

I count this thing to be grandly true: That a noble deed is a step toward God.—J. G. Holland.

J. E. OGLE DIED
SUDDENLY, TUES.

While visiting in the home of his friend, R. T. Cypert, and family, southwest of Hamlin, J. E. Ogle, one of the pioneer men of Jones County, a retired farmer, passed away with but a few hours of illness, at 9:10 Tuesday morning, August 30.

J. E. Ogle was born on March 3, 1860, and thus was 78 years, 5 months and 27 days of age. Mr. Ogle had been married twice, his last wife passing away a few years ago, while they were residing in northwest Hamlin. He is survived by one daughter by his first marriage, Mrs. Mart Trimmer of Rochester, four grandchildren and two great grandchildren.

Two brothers, John and Banks Ogle, and one sister, of Hico, also survive. It was a very sad thing that

another sister of Mr. Ogle, residing at Haskell, passed away at 2:30 of the same day that her brother died.

Mr. Ogle was a well known man of this country. He was a man who steadily adhered to the principle that there are so many good things in the world, and his ready greetings and attitude reflected that spirit to all who knew him. He was a successful farmer and for many years lived on his farm eight miles east of Hamlin. Following the death of his wife, part of his time was spent with relatives, but he always enjoyed coming back to his Hamlin friends. Mr. Ogle was a member of the Church of Christ and was a very devoted Christian gentleman.

Funeral services were conducted at East Cemetery at 11 o'clock, Wednesday, by Minister Burton Lawrence of Anson. The services were moved up a few hours because of the funeral of his sister at Haskell.

Barrow Undertakers had charge and interment was in East Cemetery.

COTTON GINNING
IS FULL ON

Every gin in Hamlin has a number of nice new bales of cotton on its yards. In passing a hustling Mexican farmer one day this week we said "Pete, you overdid the cotton prize with your three bales all in two days." Pete says, "Yep, got another ready now"—and Pete that makes you five bales already. Pete just grinned and said, "Already ginned eleven."

Not all farmers have out even one bale, let alone eleven. But really the cotton season is opening full on, as is evident from the gin yards.

No more complaint is heard about worms. The hot days and dry weather has got them. And the dryness has also parched some of the cotton on the hard lands; the sandy soils are just getting well underway and a full crop is expected.

Mr. and Mrs. Fred McDonald returned Saturday to their home in Longview after a visit here with Mrs. McDonald's mother, Mrs. Preston Phenix. Miss Ruby Phenix, who has been attending the summer session of Texas State College for Women in Denton, joined them here and accompanied them to Longview.

Less Monthly Discomfort

Many women, who formerly suffered from a weak, run-down condition as a result of poor assimilation of food, say they benefited by taking CARDUI, a special medicine for women. They found it helped to increase the appetite and improve digestion, thereby bringing them more strength from their food.

Naturally there is less discomfort at monthly periods when the system has been strengthened and the various functions restored and regulated.

Cardul, praised by thousands of women, is well worth trying. Of course, if not benefited, consult a physician.

STILL BASEBALLING

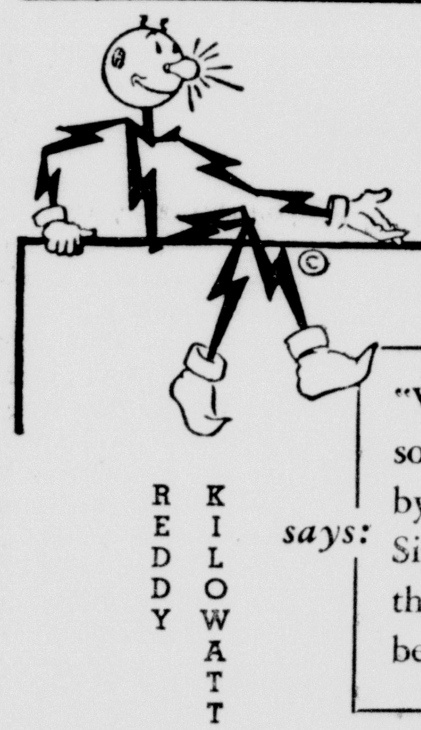

On Wednesday and Saturday of last week Hitson beat the McCaulley Red Caps by a score of fourteen and nine, and eight and six, then came Sunday and McCaulley had their stingers out, and with Lefty Jones hurling a four hit game and striking out eleven men McCaulley took Hitson by a tune of nineteen to nothing.

If the Red Caps win Wednesday then the final game will be played Saturday for the big money that the Hamlin merchants have made possible by their donations.

It is being rumored that Lefty Hambright will hurl for Hitson and Lefty Jones for McCaulley.

The grandstand is being packed for these final games and everybody is rooting for their favored team, so folks don't miss these last games. YOU KNOW THEY'RE FREE.

McCAULEY MATTERS

By JOHN P. HARDESTY

The author of this column is quite busy this week entertaining the annual session of the Fisher County Baptist Association which is in a three day session with the McCauley church.

The Woman Missionary Union had its meeting Monday afternoon. The regular meeting of the association convened Tuesday at 9:30 A. M. Rev. D. G. Reid, Roby, was re-elected moderator, and John P. Hardesty, McCauley, clerk-treasurer. The annual sermon was delivered at 11:30 by O. D. Henley, of Sylvester. The next annual meeting will be with the Pleasant Valley church, the last of August, 1939. Rev. Lawrence Trott, newly elected pastor at Rotan, was chosen to deliver the annual sermon for next session.

In the woman's meeting Mrs. D. L. Swint, of Rotan, was chosen, associational president to succeed Mrs. D. C. Reid, who declined re-election. Mrs. Reid has served many years in this capacity, and it was with much regret that the women yielded to her request that they choose another leader for the new year. Mrs. Swint accepted the place only after urgent appeal of her friends to serve them for the new year.

Mrs. Willie Fancher was taken to the Hamlin hospital Monday for medical treatment. Last report she was improving.

Mr. and Mrs. Jim Anderson of Petersburg, visited relatives and friends at McCauley last week.

Mr. and Mrs. Alvin Mayo, and little daughter, Jo Ann, of Big Spring, visited his parents here, Mr. and Mrs. W. B. Mayo, Sunday.

Mr. and Mrs. Eugene McCloud are visiting Mrs. McCloud's parents, Mr. and Mrs. M. L. Akins, and relatives and friends. Their home is on the plains. Katie Akins, who has been visiting with them, returned home with them.

McCauley public school opens next Monday.

Rev. and Mrs. P. D. O'Brien, of Stamford, were visitors here Monday. Mrs. O'Brien, who is young people's leader of the 17th district, gave an address at the Baptist Women's meeting.

Miss Ruby Rhoton, who is working at Sweetwater, visited home folks recently.

Mrs. Levi McCollum and daughter, Mary Ann, returned Monday from Alabama, where they visited relatives and friends for some three weeks.

The Homer Hutto family and Miss Eddis Lee Powell, of Lueders, and Welcome Martin, of Big Spring, visited the Hardesty family last week end.

The Methodist meeting is progressing nicely. Good preaching is being done by Brother Sherrill, of Knox City. D. L. Smith, superintendent of the local schools, is directing the choir each evening, and Huey Parker for the morning services. The meeting will close next Sunday.

Mrs. W. M. Keller has returned from Dublin where she spent several days recently.

Mr. and Mrs. S. G. Carruth, newly-weds, returned from El Paso and other points on their honeymoon. They visited Mrs. Carruth's mother, Mrs. W. H. Stevenson, and other relatives over Sunday. They left Monday for their home in Austin.

Mr. and Mrs. Leldon Clifton, newly-weds, visited Mrs. Clifton's parents, Mr. and Mrs. F. L. Rector, last week end. They will soon begin teaching at Stith, where Mr. Clifton is superintendent.

TO THE CITIZENS OF JONES COUNTY

I sincerely appreciate all efforts put forth in my behalf and all votes cast in my favor in the primary of August 27.

I shall strive to fill the office of County Superintendent of Schools in an efficient way.

Thanks,
B. T. BEAVER.

They were accompanied home by Dorothy Hines, a daughter of Mr. Hines and also a niece, Betty Fae Coon. Miss Hines and Betty Fae have been visiting their aunt, Mrs. Doris Williams, of Weatherford, for the past three weeks.

Miss Marie Benham, of Hamlin, spent last week with Mrs. Belle Maddox of South Side.

Mr. and Mrs. Sam Shannon, of South Side, have returned to their home after a three weeks vacation in Oklahoma.

Miss Maxine Smith spent Saturday night with Misses Rozelle and Louise Jenkins, all of Flat Top.

Mrs. L. B. Bruner and son, Horace, of Wise Chapel, and Miss Margaret Helen Fielder, of Alpine were guests of Mr. and Mrs. Ray Bruner, of South Side, last Friday.

John Scott, of Wise Chapel community, was a guest of his son, Kelly Scott, of Flat Top last week end.

Those visiting Mr. and Mrs. Dick Coon Sunday were Mrs. W. A. O'Neal and children, Don and Sue, Mrs. Kelly Scott and children, Edith Ann and K. T., Mr. and Mrs. J. W. Hines of Flat Top.

Miss Nancy O'Neal, of South Side, was a guest of Miss Marcia Pope of Anson last Tuesday. Miss Pope is one of the Pope trio and may be heard over station KRBC at Abilene.

The North Side Singers met at Flat Top Sunday. A nice time was reported.

MRS. WORTHAM CROW

RECEIVED B. S. DEGREE

Mrs. Wortham Crow, daughter of Mr. and Mrs. G. D. Gibson of Snyder, and daughter-in-law of Mr. and Mrs. Judge L. Crow of the Boyd Chapel community, received her Bachelor of Science degree last Friday night from West Texas State Teachers College, Canyon, where she majored in primary education and speech.

Mrs. Crow has been the primary teacher at Boyd Chapel school the last two years.

Mr. Crow, who is an agricultural major, also attended the entire summer session at West Texas Teachers College. He lacks only a few hours before securing his Bachelor degree.

They will arrive home this week to begin preparing for the school term.—(Special to the Herald.)

B. E. CLEMENTS DIED SUNDAY, AUG. 28

Death came to B. E. Clements, at his home on Hope Avenue, Sunday evening at 8:15 o'clock, following several years of declining health.

Mr. Clements was 79 years, 9 months and 13 days of age. He was really a pioneer of Texas and Hamlin. The end came quietly, in keeping with his life among men. He was born near Atlanta, Texas November 15, 1858 of pioneer Texans.

Mr. Clements was married to Beulah Lucas at Queen City, Texas July 15, 1879 and to this union were born six children, all of whom survive except one that died in infancy. The children are D. J. Clements of Lubbock, Martin Clements of Wichita Falls, Mrs. W. J. Howell of Dallas, Aubie Clements of Utah and Ira Clements of Hamlin. There are eight grandchildren. One sister, Mrs. Clark of Mineola, Texas, survives. She and her daughter and husband Mr. and Mrs. Simmons and children were present for the funeral as were all the Clements children except Aubie. Mrs. Howell was accompanied by her daughter and husband from Dallas. Mr. Clements' companion preceded him in death on April 9, 1933.

The Clements family came to Hamlin December 17, 1905, and most of the time since, this place has been his home. He was a carpenter by trade and many of the present Hamlin homes were built by him. He was a citizen who took interest in many worthwhile things but was quiet and unassuming. He was a member of the Baptist Church, but in recent years his declining health prevented him from active service.

Funeral services were conducted at the Baptist Church, Monday afternoon by the pastor, Rev. Henry Littleton.

Interment was in East Cemetery under the direction of the Barrow Company.

Dr. L. S. Magee was called back to Littlefield Sunday to attend his grandson, James Magee Parker who was seriously hurt in an auto accident 12 days ago. Dr. and Mrs. Magee returned home Monday and Miss Kathryn Magee remained in Littlefield to assist in caring for her nephew. James is reported to be much improved.

FUNERAL RITES FOR R. M. NEWSOM

Funeral services for R. M. Newsom were held at the McCauley cemetery at 4:30 Thursday afternoon, August 25, conducted by Rev. J. Henry Littleton, pastor of the First Baptist Church of Hamlin, assisted by Rev. Mack Richardson, of Abilene, a nephew of Mr. Newsom.

Three weeks ago Mr. Newsom was taken to Baylor Hospital in Dallas, where he underwent an operation, and apparently was recovering until a short time before his death when he became suddenly worse and died Wednesday afternoon at 5:45 at the Baylor Hospital. The body was brought to Hamlin by the Barrow Undertaking Company and interred in the McCauley cemetery.

R. M. Newsom was born Nov. 10, 1859 in Chester county, Tennessee where he lived for a number of years. In 1882 he was married to Miss Nancy Richardson who came with her husband to Texas about forty years ago. Mrs. Newsom died in 1906 at her home in the Neinda community.

Mr. Newsom and his family came to Abilene in 1900 where they lived for three years and then moved to Jones county, settling on a farm in the Neinda community. For the past 20 years Mr. Newsom has made his home in Hamlin.

He was a member of the Primitive Baptist church, having united with this church more than 50 years ago.

Surviving are six children and fourteen grand children. The children are A. B. Newsom, of Plainview, W. E. Newsom, of Hamlin, Mrs. V. W. McGregor, of Coahoma, Mrs. E. R. Hamlin, of Hamlin, Mrs. E. H. Dunn, of Coahoma and S. L. Newsom, of Midland.

Mrs. J. D. Farrow returned Tuesday from Mart, Texas where she visited her brother, M. C. Flowers. She accompanied Mr. and Mrs. W. L. Boyd two weeks ago as far as Waco. While away Mrs. Farrow fell and sprained an ankle, and since she was unable to walk, her son, Tom McAllister and wife, went for her.

ART CLASSES will start Sept. 6 at the High School Studio. Classes will meet Mondays, Wednesdays and Tuesdays and Thursdays.
